READY TO PRINT?

Before you click the Print Coupons button, please take a moment to make sure you're ready to go...

If you've never printed coupons before, you will need to install the **Coupon Printer**. If you do need the software, instructions will appear after you click Print Coupons.

Printing Coupons

- 1** **Make Sure Your Printer is Ready**
You won't see the usual Print dialog box when you print coupons, so check now to make sure your printer is turned on and has paper and ink or toner.
- 2** **Printing to Paper**
Coupons must be printed to paper; you can't print to a fax machine or graphic format like a PDF. Check that your default printer is set to print to paper.
- 3** **Click the Print Coupons button!**
When you're ready to print, click the button. If you need the Coupon Printer, instructions will appear next. Your coupons will print on your default printer.
