Showlamb Grower 15% DX

Honor® Show Chow® Showlamb Grower 15% DX is a textured complete feed and designed to be fed at 2.5% to 4% body weight to growing and finishing lambs. This feed may be fed to show lambs of any age or weight. Feed about 1/4 flake of a good quality alfalfa hay per day to maintain healthy rumen function.

Honor® Show Chow® Showlamb Grower 15% DX is a high energy feed intended for lambs that need extra energy to develop and maintain body condition.

Honor® Show Chow® Showlamb Grower 15% DX feed is supported by Purina Mills® Animal Nutrition. Get your best animals on Honor® Show Chow® Showlamb Grower 15% DX feed today so they can reach their full potential.

FEATURES	BENEFITS
Fully fortified with all essential vitamins and minerals	For excellent muscle growth and body condition
Textured feed containing a mixture of high-quality processed grains, cottonseed hulls and molasses	For improved palatability and nutrient utilization
Formulated to provide a combination of both bypass and rumen degradable protein, using all-natural protein sources	Combination protein sources (from vegetable and approved animal sources) help meet the requirements of both the animal and rumen microbes, and helps increase muscle deposition
 Confidence at the gut level™	A true, fully fermented yeast culture developed specifically for optimum animal nutrition. Research proven, Diamond V has a unique ability to enhance ration digestibility, palatability and intake by delivering a rich, all-natural nutrient source to the animal's digestive bacteria.
	Research has shown that TASCO® helps lower body temperature during heat stress – helping keep animals on feed.
	Provides critical highly-available minerals that helps immune response which is critical for healthy traveling show lambs Helps maximize growth and muscle development - allows lambs to reach their full potential
Ammonium Chloride	Helps aid in reducing the incidence of urinary calculi (water belly)
Medicated with Deccox® (decoquinate)	For the prevention of coccidiosis - helps support normal immune system

Medicated for growing and finishing sheep. For the prevention of coccidiosis in young sheep caused by *Eimeria bakuensis* and *Eimeria crandallis*, *Eimeria ovinoidalis* and *Eimeria parva*.

Caution: Use as directed. For sheep only.

Active Drug Ingredient: Decoquinatate (15.13 g/ton)

FEEDING DIRECTIONS

Honor® Show Chow® Showlamb Grower 15% DX is a complete feed and designed to be fed at 2.5% to 4% body weight to grow/finish lambs intended for the show ring. Feed with 1/4 flake of a good quality alfalfa hay to maintain healthy rumen function. This feed may be fed to show lambs of any age or weight. If lambs have not been receiving a high-energy ration, offer a small amount (0.5 to 1 lb.) along with free-choice, high quality hay. Gradually increase this amount until lambs are consuming 0.3 lb of Honor® Show Chow® Showlamb Grower 15% DX per 10 lb body weight to provide 22.7 mg Decoquinatate per 100 lb body weight daily. Topdress with High Octane® Champion Drive TopDress at the rate of 0.5 to 1.0 lb/lamb/day, to provide supplemental protein and vitamins. Always provide plenty of clean, fresh water. Feed at least 28 days during periods of exposure to coccidiosis or when it is likely to be a hazard.

Caution:

Do not use in feeds containing bentonite.

Warning:

Do not feed to sheep producing milk for feed.

Reminder:

Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable. DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.

Fresh, clean water should be available at all times.
