Medicated for growing and finishing sheep. For the prevention of coccidiosis in sheep caused by *Eimeria bakuensis* and *Eimeria crandallis*, *Eimeria ovinoidalis* and *Eimeria parva*.

Caution: Use as Directed. For sheep only.

Active Drug Ingredient: Decoquinatate (27.2 g/ton)

FEEDING DIRECTIONS

Offer Honor® Show Chow® Showlamb Creep Pellet DX as in a creep feeder when lambs are 10 – 14 days of age. Feed at the rate of 0.5 lb per 30 lb body weight to provide 22.7 mg Decoquinatate per 100 lb body weight daily. Honor® Show Chow® Showlamb Creep Pellet DX may be fed for a longer time period where a high protein ration is desired before transitioning to Honor® Show Chow® Showlamb Grower. Designed to be fed with roughage.

Tips for starting young lambs on feed:

Offer straight soybean meal in the creep feeder when lambs are 7 to 10 days of age. Offer Honor® Show Chow® Showlamb Creep Pellet DX Pellet 7 to 10 days after beginning soybean meal. Remove soybean meal 7 to 10 days after introduction of pellets.

Reminder:

Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable. DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.

Fresh, clean water should be available at all times.
