

Powerful Performance. Winning Results.

Special Effect T100

Honor® Show Chow® Special Effect T100 is a 15% protein feed designed for growing show pigs. It is designed to add gut fill, rib shape, cover and power to show pigs. Feed to show pigs weighing from 100 pounds to show weight.

Approximately 3 weeks prior to show, transition to Honor® Show Chow® Powerfill® to manage weight gain, and create a softer, fuller looking pig. Or, use Honor® Show Chow® Powerfill® as a topdress at 1-2 lbs/head/day to add more power and dimension.

FEATURES	BENEFITS
Formulated for optimum growth and maximum muscle deposition	Helps pigs reach their full genetic potential
Contains 8.0% crude fat	Provides very high energy for adding body condition
Optimum amino acid to energy ratio	Allows pigs to continue adding lean gain (instead of fat) late in growth curve
High Fiber	9% crude fiber from beet pulp helps add fill and rib shape
High mineral and vitamin fortification	Fortified like a sow feed to prepare gilts for entry into the breeding herd
Available with Tylan™ @ 100 grams/ton	<ul style="list-style-type: none"> • Improves daily gain and feed efficiency • No withdrawal period required

FEEDING DIRECTIONS

Feed continuously as sole ration.

Reminder:

Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable. DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.

Fresh, clean water should be available at all times.
